MICHELE CRIST

Michele,

The years have gone by fast. I remember when we were little runts in elementary with Mrs. Haase and Miss Erchel (that witch). Now were at the top! Good luck in the future and #10 is a good number to wear.

Mike

Michele,

This last year has been quite a year for me and I hope you had as much fun. So now your a senior I suppose you think your sitting on top of the world well do I have news for you. I will have a fun Senior Year! and good luck

DEDICATION

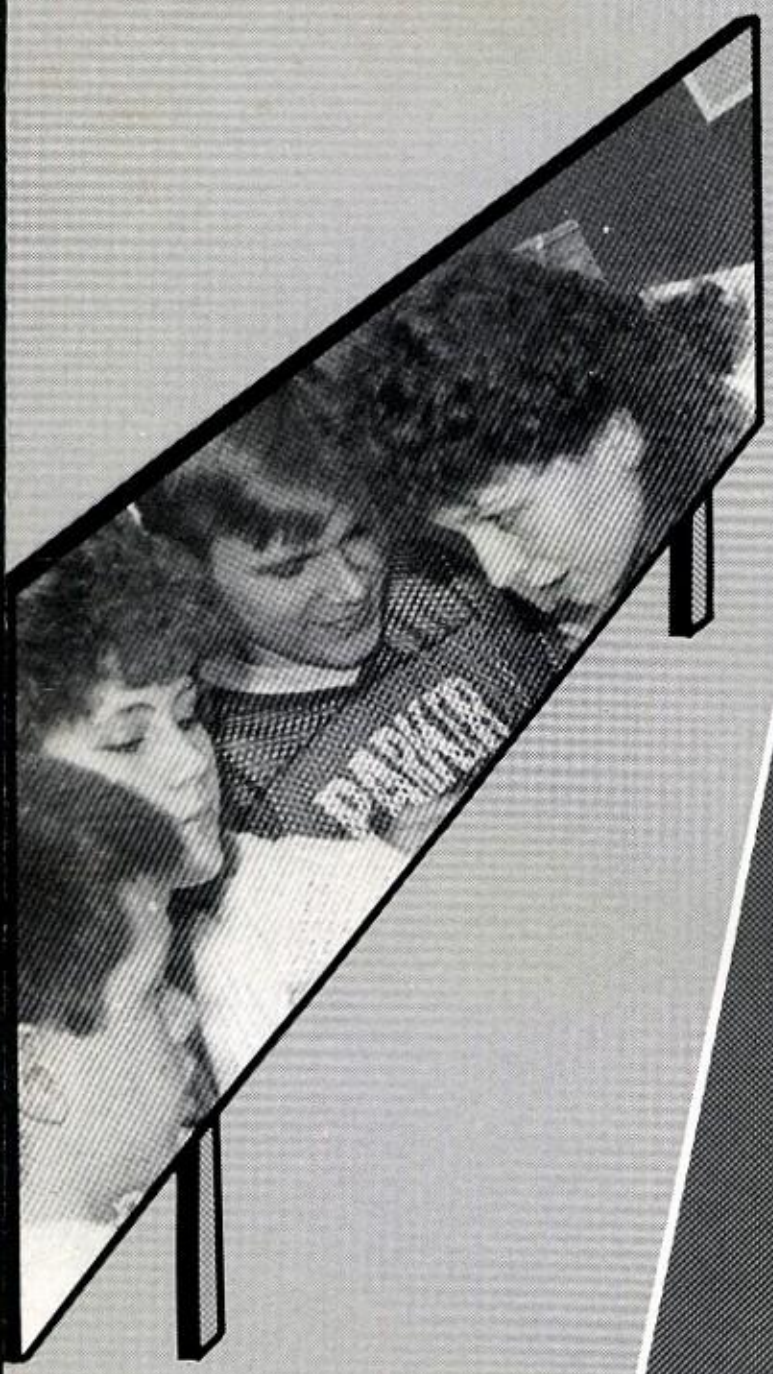
A Milestone for a Great Coach

So much has been done, said, and given to Coach Hoover, what could be left for him? Last January, he added another milestone to his career with win #500, the first in South Dakota history. The big day came on January 20, 1987 at the Parker High gym against the Harrisburg Tigers. Coach Hoover has gained a tradition of winning in his 28 years of coaching at PHS. We are very lucky to have a man of his calliber as our coach. In recognition of his 500th win, Coach was installed into the South Dakota High School Basketball Hall of Shrine and the High School Coaches Association Hall of Fame. In honor of his winning 500 games, we dedicate our 1987 annual to Coach Gayle Hoover.

Edsel, A Special Driver (1929-1986)

A bus driver for more than ten years, Edsel Petersen served the Parker School District faithfully. Edsel was a special driver for PHS. He didn't just drive the bus, but became a friend of each student riding his bus. The specialness he added to a bus ride became his trademark and Parker was proud to have had such a man as their bus driver. In his memory, we dedicate our 1987 annual to Edsel Petersen, a friend.

CLASSES



Seniors "Cruise" Through Their Last Year in No Time Flat

Senioritis grabbed ahold of this rowdy bunch of 24 on the first day of school. It became known as the "day of doom" for some because it was the time when they found out how hard their classes were going to be; contrary to popular belief that their last year was supposed to be the easiest. The rest of the year ranged from watching the freshmen "crawl on their knees" at their initiation, participating in a variety of extracurricular activities, Junior-Senior prom, and the grand finale graduation. Even through all of their trials and tribulations, this rowdy bunch of 24 shall never forget the memories the've had at PSH. After all, it was home to most of them for thirteen years.

Juniors Drive Ahead

Juniors, who are anxiously awaiting to be seniors, had a busy year working hard and cruisin' through the day with American History, English III, Accounting I, algebra II, chemistry, and other various classes.

The class was kept busy with all the details that are required to put on a nice prom for the departing seniors. In order to raise the money to sponsor the prom, the juniors held their annual fund raiser of selling magazines. This year the junior class sold the most magazines that a class has ever sold. The top salesperson was Gary Lindstrom. For their prom, the juniors chose the theme "**Take My Breath Away**". The colors were blue and white and they also followed another tradition and held their dance in the old gym at school.

The students were kept busy by preparing for college by taking the National Merit Scholarship Qualifying Test and the ACT test. The juniors' academic ability showed through with the amount of students that were on the honor roll and those that were inducted into the National Honor Society. Those inducted were as follows: Faith Becker, Michele Crist, Jason Chester, Jeremy Schmidt, and Jeff Trainer.

Between attending classes, preparing for the prom, and studying, the juniors anticipate their final year.

Sophomores Crash Thru the Year

Giving speeches, dissecting, and studying were among a few of the things that the sophomores did as they crashed through the year.

They took it all by winning the Spirit trophy during Homecoming which they excitedly accepted. They succeeded in this triumph by participating 100% in each activity throughout the spirit filled week. The sophomores went on to show that they were full of enthusiasm by winning most, if not all, of the "Big Mouths On Campus" contests during the Pep Rally's.

The class of "89" has been known to be "sophomoric". The sophomores have given their own definition of sophomoric.

Freshmen Shift Into High School

Freshmen shifted into first gear as they entered their first year of high school.

The first exciting thing that happened to them was initiation. During the day, they had to put on bibs and diapers and crawl across the floor and eat applesauce off a plate with their hands behind their backs. Then, every time they saw a senior in the hall they had to cry and suck their thumbs! Talk about exciting!

As they shifted into second gear, they took a look at their new and different classes.

When they approached extra-curricular activities, they just had to shift into third. There was no other choice but to check out their new and challenging activities for the year.

Finally, shifting into high gear proved to be the most rewarding of all. And as they look back they will have many memories of their Freshman year.

ACADEMICS

Students Challenge the Future

Art students preparing for another exciting class.

They say the mind is a great thing. And to succeed at what you want, you must first develop your mind. You can do that best when you go to school and get an education and also get the necessary help from the teachers. If it wasn't for the teachers and the classes offered during our high school years we wouldn't be able to develop our minds to their full potential. And we think those teachers and classes deserve some recognition. So here's a glimpse of the classes that were offered and the great teachers.

English

English, that special kind of class that dares to challenge the student to say "ain't", explored some kind of new frontier each day. The seniors, juniors, sophomores, and of course, the unforgettable freshmen, learned everything from literature to that ever famous grammar.

A new twist was added this year, which was the addition of a student teacher named Miss Stacey Mutchelknaus. She took over the seniors and juniors, who were normally taught by Mrs. Clarke Hoover and also took Mrs. Cindy Froiland's position of teaching the freshmen.

(Below) Student teacher, Stacey Mutchelknaus, prepares for her next class.

If you hear laughter from the algebra room, you're sure to know it's the students doing their favorite math worksheets. They like these because they dealt with those great jokes; Ex.-What happened to the peanut who went for a late night walk? He was assaulted.

Classes offered during the year were Senior Math, Computer, Algebra I and II, Geometry, and Math.

In the eighth grade computer class, the big excitement was designing ships and houses. Mrs. Christensen said they liked doing that so they wouldn't have to write programs.

At the end of the year, the high school students were given a test to complete in one class period. After the teacher's corrected them, the top three students received an award at the awards banquet.

The math students put their best into their classes and did a fine job. So remember- What happens when the Jolly Green Giant steps on your house? You get mushedrooms.

General Science and Physical Science were for Freshmen and were taught by Mr. Sattler and Miss Cooper, respectively. During a student's Sophomore year, they took Biology and Health from Mr. Hoover. As Juniors and Seniors, students may opt to take Chemistry and Physics from Miss Cooper.

Business & Art

From the proving of debits and credits to the fine details of painting, the students in business and art were kept quite busy throughout the year.

Oil and water-color painting, drawing, and crafts and ceramics were just a few of the areas covered in art. From a specific assignment to choosing their own, the students always seemed to enjoy what they were doing. They received on-hands experience from which to build on; whether it would be for their own personal enjoyment or possibly a future career in art.

The rest of the school was given the opportunity to enjoy their master pieces, as they were often displayed in the trophy case.

From the clicking of adding and typing machines to the frustration of why their accounting problems did not equal, the students were able to prepare themselves for a career in the business world or for just their own personal use.

Working on the computers in accounting II or word processing in office practice; all in all, the students were able to prepare themselves for the future.

Together, they were a spectacular entertaining bunch of students.

Resource Room & Library

"Bone Up at the Library" was just one of the bulletin board sayings in the Library during the school year. Students went to the Library for various reasons, but because of the silence, it was an excellent atmosphere in which to study.

During their visit to the library the students had the opportunity to look at newspapers, current magazines, research materials, or just various books to read for their enjoyment.

The Library was under the supervision of Mrs. Hoover and several students. They worked together to make the PHS Library the best it could be.

****

Mrs. Garry and her aide, Mrs. DeVries were "Makin Their Marks" in the Resource Room. "So students will be able to handle assignments, and study on their own," was the goal of the Resource Room.

To achieve this goal, Mrs. Garry and Mrs. DeVries gave the students extra help on their assignments and taught them good study habits.

According to Webster's Dictionary, history is defined as: "a chronological record of significant events, including their causes and effects."

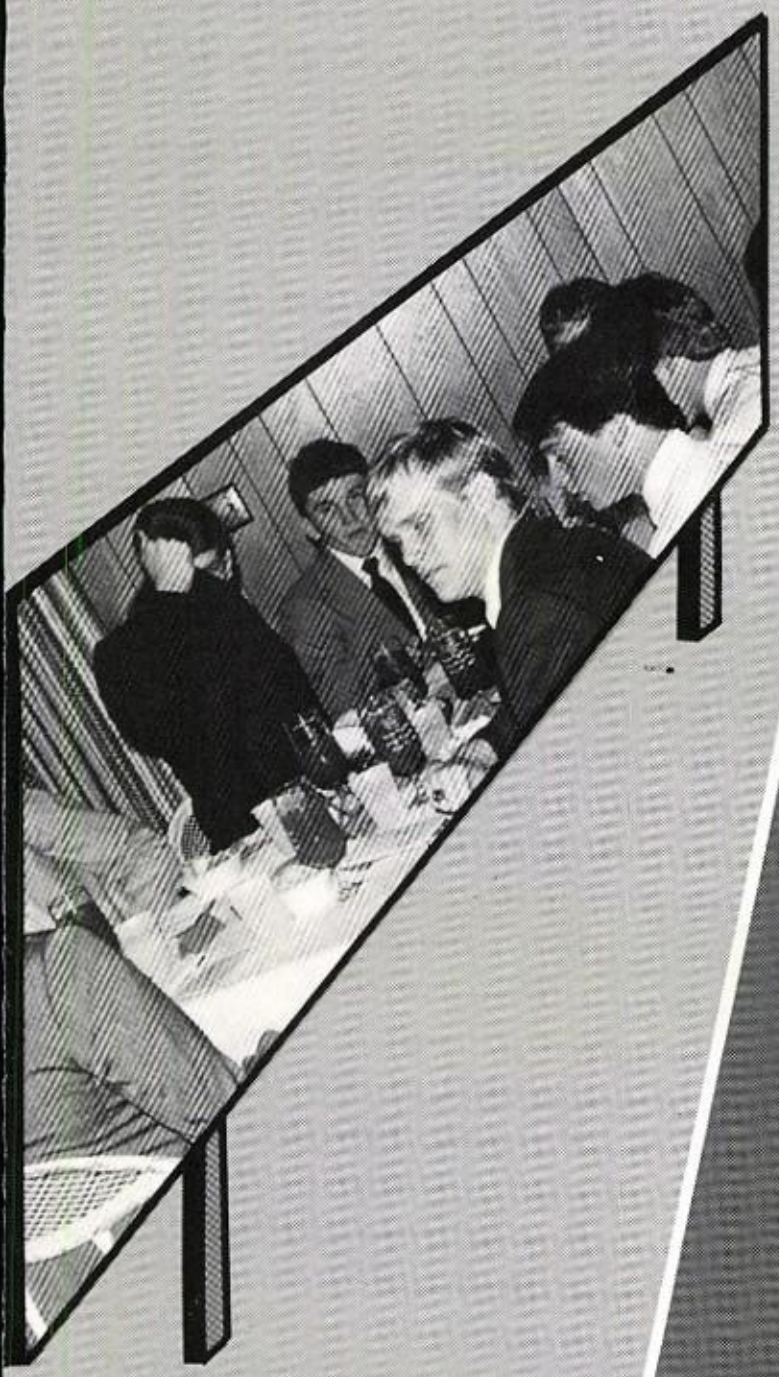
ACTIVITIES



Homecoming

Queen Linda Merrill and King Don Even.

Student's Catch the Spirit in '86

Homecoming week was once again a week of spirit. This year's theme was "Catch the Spirit in '86".

On Monday, students were in their traditional blue and white colors. Coronation was held that evening at 7:30 p.m. The final moment of truth came when King Carter Krumbach and Queen Michelle Almond gave their crowns to King Don and Queen Linda. The burning of the "W" followed the coronation.

On Tuesday, the classes got into Security Day. Wednesday, everyone went back in time to bring back the look of their parents from the 50's. On Thursday, the Old West came to life with Cowboys and Indians. Friday, the final day, everyone moved to Hawaii for Hawaiian Day. Rain filled the day, so the day was spent watching VCR movies.

To bring the week to a close, the football team took to the field. The Pheasants fought hard, but Wakonda was just too much, as the Pheasants lost the game. Following the game, Zypher Audio Productions provided the music for the dance.

PHS really did "Catch the Spirit in '86".

Take My Breath Away

It was a night to remember and after months of preparing it was finally here, Prom Night '87. "Take My Breath Away" was the theme chosen for the evening.

The banquet was held at the Par Mar Country Club, where the reading of the wills and prophecies took place. After the banquet, it was time for everyone to get their dates for the dance.

Decorated in blue and white streamers, the old gym provided the setting for the Prom. To enhance the theme, a gazebo and sea scene mural were chosen. After pictures were taken, the Grand March took place. As Mr. Mark read off the names, the theme song was played and then the dance began.

Zephyr Audio Productions, a professional sound system provided the music for the evening.

The prom turned out to be a success after a long time of preparing. It took a lot of work on behalf of the Juniors. But of course, without the help of the Prom, chairperson, Mary Rezek, it wouldn't have come together. It was definitely a night that "took your breath away".

After the dance, prom go'ers enjoyed bowling at Suburban Bowl.

Dancing, cupids, royalty, and your sweethearts together made the dance complete.

Mr. Deutsch, Kenny Pietz, and Jeremy Meyer played the music that kept us all dancing at the Sweetheart Dance on the night of March 28, 1987. The dance was held in the old gym and was put on by the FHA and FFA. They decorated the basketball hoops as pink, white, and blue hot air balloons.

As the night went on, the 1986 Sweetheart, Tricia Duncan and Marshall, Eugene Even, crowned Rhonda Friese and Eugene Schaefer as the 1987 Sweetheart and Marshall.

ALL-SCHOOL PLAY

It was a dark and sultry evening. The air was filled with electricity. Sixteen young men and women were anxiously awaiting the dimming of the lights and the raising of the curtain. These young people were all members of the play cast for 1987. They had practiced for one long month anticipating this, the night of their glory. The night in which they presented REST ASSURED to the people in the community.

REST ASSURED centered around the conflicting ideas of a rich tyrant and his daughter, Mary. Mary wanted to marry the son of a common meat cutter named Luigi. After a scuffle with Mr. Morlock, Luigi went to the hospital and died. As it turns out, Luigi came back in order to haunt Mr. Morlock until poor old P.U. had both feet in the grave. The whole thing turned out to be just a dream. This dream changed the former tyrant into a more understanding person.

After the play, the entire cast and crew held a party backstage in order to celebrate.

National Honor Society Drives Ahead

National Honor Society is an organization which honors students who maintain at least a B+ average for four semesters. Students must also show good integrity, positive behavior, cooperation, and ethics in order to have these special honors.

The NHS was under the direction of a new advisor, Mrs. Clarke Hoover. They held their induction ceremony at the Parkerhouse Steakhouse on March 30, 1987. During this ceremony, the Seniors Ken Pietz, Ann Nelson, Rhonda Friese, Lisa Ketcham, Todd Leininger, and Jeff Joffer inducted the Junior candidates Faith Becker, Jason Chester, Michele Crist, Jeremy Schmidt, and Jeff Trainer. Together these groups of people make up the 1987 Parker chapter of the National Honor Society.

Student Council consisted of busy mechanics. When PHS pulled in for another year, everyone began working to make the year a success.

They started planning Homecoming and all its events. These were coronation, daily activities, and a field day. However, this got rained out; so as a consolation, the Student Council presented the Student Body with some great movies. At Christmas, the annual movie was shown. Along with this, the gag gifts were given to their lucky recipients. On a cold night in January, a sockhop was held for the students. Throughout the year, the Student Council maintained the pop machines which were appreciated by all students and faculty.

As the end of the year approached and the activities were complete, the head mechanic (Student Body President) Ann Nelson handed her tools to the new SBP Jason Chester for the '87-'88 tune-up of PHS.

Succeeding Ann Nelson is Jason Chester.

A Flash Of Annual Staff

As you walked down the crowded halls of Parker and you happened to see a bright flash of light, you could be sure it was one of the annual staff members or the advisor snapping pictures for the annual. The staff consisted of 18 members who all worked very hard to bring you the annual. To help them along, they had an editor, two co-editors, and to keep watch over all of them they had the advisor, Mrs. Flyger.

For something different, the annual staff joined the paper staff on their jouney to Brookings for "Press Days." All of the members enjoyed their experience and brought back many new ideas to try.

As they moved through the year, all of the members put in their time wisely and were included in making the decisions. With all of the members working hard and together, things ran smoothly.

As the annual staff handed in the last pages of the annual they closed the book on a treasure of memories that will last forever.

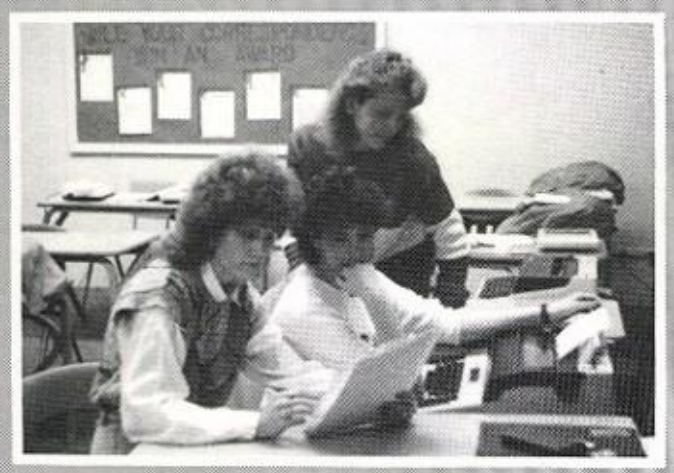
Paper Staff Adds Flair To "The Pheasant"

Paper staff has been kept busy by reporting on all sports and extra-curricular activities for the "The Pheasant". They attended a Press Day in Brookings in October, and have had many meetings at which they were always served lunch.

In addition to their already hectic schedule, new flairs were added to the paper, such as: "Who's Eyes Are These, Who Are These Faces Only A Mother Could Love, Person Of The Week, Embarrassing Moments, and Pheasant Flops." Their hard work and great articles made this past year outrageous.



To meet their deadline, Lisa Ketcham, Darla Janzen, and Cheryl Merritt are working overtime.

PHS Drill Teamers cruised successfully through another season. Throughout this time, the Pacesetters performed to such songs as "Black Cars Look Better in the Shade," "Walk Like an Egyptian," and a Christmas performance to "Frosty the Snowman" with special guests Frosty the Snowman and jolly old St. Nicholas. New members that accelerated through the year were Dawn Jennings, Jessa Varns, Kari Munkvold, Tricia Poss, Kerri Johnson, Jenny Heim, and Kathy Ihnen as alternate.

Mrs. Cindy Froiland, fearless leader and sometimes zoo keeper of the Drill Teamers, made sure the performances were of top quality by having 7:30 am rehearsals, staying after school, and right before the hot rod performances.

Oral Interp at Its Best

Under the direction of Mrs. Clarke Hoover, there were approximately twenty people who participated in Oral Interpretation this year.

The local contest winners had the honor of representing Parker at the District Contest at the Ramkota Inn in Sioux Falls. The participants at Districts were Cheryl Merritt—Humorous, Rhonda Friese—Poetry, Rita Husman—Interpretation of Drama, Stacy Leininger and Tim Miller—Duet Acting, Diane Johns—Dramatic Prose, Kari Muller—Oratory. With the support of their teammates, Tim, Stacy, and Diane advanced to the Region Contest held at Mount Marty College in Yankton. To celebrate the victories of the District winners, Mrs. Hoover treated the entire group to Hot Fudge Sundaes at the local McDonald's.

Although they did not have the privilege of advancing on to state, all three received excellents on their pieces at Regions.

The qualifications needed for a great chorus are dedication, practice, hard work, and a couple of lucky turns, but it also takes talent. Our chorus had been learning, practicing, and singing, all of which to get ready for the many performances they did either at concerts or at contests.

Under the direction of Miss Diana Gough, the chorus was really "turning to the tunes."

The year started off with several twists and turns. Around one turn were the annual Winter and Spring concerts, also the annual Music Booster's Dinner. Turning at the next corner, the chorus performed at the Homecoming and Graduation ceremonies. The bend labeled "contests up ahead" went very smoothly. The chorus made appearances at Vermillion and Freeman, topping it all off with the major sight at the end of road (and year), the contest at Minneapolis, Minn.

Moving with the Beat

From the PHS gym to Minneapolis, Minn., the band had been performing, marching, competing and moving people.

Winter and Spring concerts along with Homecoming and graduation were not only entertaining but also showed much of the talent and hard work put into each member's instruments. They showed this in many ways too, like the various contests they participated in.

The members showed off their talent through playing while marching at the Marion, Turtle Days and Madison parades. As you can tell the band literally "moved with the beat" and finally ended the year with their trip to Minneapolis for a contest, where they marched, and performed a concert. Forgive an old cliche', but last but not least, our dedicated director, Mr. Terry Mark.

(Below) Your innocent act doesn't fool us, you rowdies!

After four years of Booster Dinners and fund raisers, the time finally came for the Band and Chorus trip. This year the Band and Chorus members headed for Minneapolis, Minn. for the World of Music Festival.

Arriving at the Radisson Hotel at 5:00 on Friday, May 8th, the members were glad to get off the busses and after a few little hassles, settle into their rooms to rest for the Marching Band contest at the St. Paul Municipal Stadium at 9:10 a.m.

In the morning of Saturday the 9th, the members loaded themselves and their instruments back onto the busses and headed for the Edina High School where the girls choir, the concert band, and the concert choir performed.

After these performances, the kids, chaperones and directors went to the Southdale Shopping Mall to relax and pick up some souvenirs. Then it was back to the Radisson to swim, mess around, and get ready for the dance that night.

On Sunday, the 10th, the kids packed up all their belongings and headed for Valley Fair for the 10:30 Awards Ceremony at which they received a 2nd in Marching Band, a 3rd of Girls Choir, a 4th in Concert Band and a 6th for the Mixed Choir. They then decided to spend a couple of hours at the Fair before they headed for home in the afternoon.

FHA—Full Speed Ahead

Cruisin' into the Home Ec. room on a Monday night you may have found a FHA meeting taking place. The Chapter vroomed up the year by recognizing National Family Week and FHA Week with a variety of different activities. Their annual Soup Supper and bingo was held during FHA Week. Reading Champions was another big hit in FHA this year. Rhonda was a member of the PEP squad with the March of Dimes. Something new this year was Student Awareness Day which FHA and Student Council sponsored. From this, the FHA members zipped right into the District meeting. Through hard work and dedication they had 18 members attend the District meeting with AAE's. Twelve of those members zoomed right into the State meeting. To end this zany year they held their Salad Supper Banquet and installation of the 1987-88 officers. In helping to plan and carry out their activities was their advisor, Deb Van Hove.

During the fall, the FFA hosted the district land judging contest and took first place at the State contest. Five members advanced to the National Contest in Oklahoma.

The fruit sales went well with Darwin and Darrin Boomgarden selling the most. FFA Week was celebrated by the pancake breakfast, and a trip to the Royal Fork and McKennan Hospital.

The ag mechanics team placed 12th and the meat's team placed 6th at the State Convention in Brookings. The FFA banquet was held at Mr. Fiegen's house; Leo Even received the Star Chapter Farmer Award, Deann Even received the Star Greenhand Award, and Russell Derickson, the Vo-Ag student teacher, was awarded honorary chapter farmer.

Pep Club Speeds Up the Spirit

Over the past year, there has been a gigantic increase in spirit. The main reason for this is the enthusiasm and "Pep" of the Pep Club.

Throughout the year, the Pep Club has been busy speeding up the spirit by making posters, or cheering their loudest for the teams at home or away as signs of their spirit, loyalty, and pride in their school. With the help of their advisor, Mrs. Bossman, the pep club decided to try something new so they bought matching "SPIRIT" or "CHEERLEADER" shirts.

As you can tell, the Pep Club had a very strong hand in speeding up the spirit of the Parker Pheasants.

Keys To Enthusiasm

"We Back the Pheasants We Back the Best" was one of the chants you heard as the cheerleaders led the pheasants into team spirit. The cheerleaders were busy this year making posters, wall signs, and cheering on their teams.

In the fall, the girls basketball and football cheerleaders and their advisor, Mrs. Bossman, went to a cheerleading clinic at O'Gorman. They learned a routine and a couple of new cheers and chants. If you asked the cheerleaders what they remembered most, they would answer: "doing cheer aerobics and going to 'Nite City' for a fash ion show, pizza, and dancing."

The cheerleaders enjoyed the seasons that they cheered for and are looking forward to next year.

PHEASANTS MAKE THE MOST OF SEASON

The 1986 season began with excitement and anticipation. With a desire for revenge, the Pheasants traveled to Garretson for the season opener. They fought hard but lost a close contest.After that Parker cruised by both Hurley and Gayville—Volin. Then PHS ran into tough going the remainder of the season including a loss to Wakonda on homecoming night. The Pheasant squad ended their season with a 2-6 record.

Several records were set this year, including the most receptions in a season (27) and career (39) both by tight end Mike Jefferis. Plus Mike set new records for yards gained receiving in a season (508) and a career (700). Jefferis also tied two previous records for the most touchdowns caught in a career (12) and for the most interceptions in a season (6).

The other player who set records was quarterback Ken Pietz. He attempted 128 passes in a season including 25 in one game, both are new records. He also tied a previous record for 10 passes completed in one game.

Pheasants Refuel For Another Season

By defeating Canton, an "A" school, the Lady Pheasants vroomed to the end of their regular season on a victorious note.

Under the new leadership of head coach Mrs. Christensen and assistant coach Mr. Bjorneberg, the girls compiled a 6-16 record. From the beginning to the end of the season, the girls experienced many close games.

Jennifer Plucker with the help of her teammate Linda Merrill, assist's leader, scored 237 points, while Linda had 57 assists for the season. Rhonda Friese, the leading offensive rebounder with 56, was always there to give the Lady Pheasants another try. On the other end of the court, Jennifer was high defensive rebounder with 107.

As the season came to a screeching halt, the four seniors Jennifer, Linda, Rhonda, and Tricia left their tracks behind on the PHS court, but the underclassmen will return to fill their shoes.

Receiving conference honors were Linda Merrill—Honorable Mention and Jenny Plucker—All Conference.

Advancement to Success

Opening the year with a young team; the Pheasants began to work hard under Coach Hoover's instructions.

The season began with a couple of losses but throughout the year, the Pheasants kept on improving until they reached the final games, Districts. The team had proved themselves as they had won 10, lost 9. People were actually excited about the team and they were becoming very exciting to watch.

The biggest highlight of the season came on January 20, 1987 when the Pheasants took the floor against the Harrisburg Tigers. After the game was over the Pheasants had not only come away with an easy victory, but also Coach Hoover's 500th career victory. It was an honor that this team was very excited to get for the coach as he became the only coach in South Dakota to win 500 games. The second highlight of the year came a week later as they were given the opportunity to play at the Sioux Falls Arena.

The Pheasants ended the season with a 11-11 record, a fourth place finish in Districts, and a third place finish in the conference tournament. Mike Jefferis fueled the Pheasants with 418 points with an average of 19 per game and 9.8 rebounds per game. Mark Christensen got into the action with 13.7 points per game. Everyone got into the action in helping the team to a great and successful year.

Wrestling

Imagine this: Stepping into a new sports car for the first time. The car is fully equipped and ready to cruise. An exciting feeling passes over you as you ignite the roaring engine. The power and stamina surprise you. As you shift into high speed, you realize that your on top, you're a winner.

If you can understand that feeling, then you know how coaches Kropuenske and Sattler felt when wrestling season opened.

Duals and tournaments were rest stops on a road to victory. Joined by new wrestlers and extra support from the fans, the carpool of grapplers were headed on a highway to the domination of the scoreboards and the ruling of the mats.

The drive of determination was caused by everyone. But the shifting from low to high gear was due mainly to placing second in districts. The team on their way to full power.

Regions were a high hill to climb but the Pheasants did it. They left there with their heads held high and four wrestlers on their way to state. The gas mileage was great and the tank was half full.

At state, the wrestlers gave it their best shot and excelled their limits. If the power of the wrestling team was measured in MPH, then the saying, "I can't drive 55" would be appropriate in describing the PHS wrestling team.

Eventually, the season was wrapped up with staggering statistics and an outstanding record. Donald Even ended up with the most wins and Terry Fluit had the most pins.

But, Hey all you fans out there, don't be sad. The team's already fueling up for next year.

Players "Steer" PHS to a Winning Season

With a record of 21-7, the Parker Volleyball Team presented PHS with one of the best seasons they've ever had. The team took second in the Big Sioux Conference Tournament, second in the Lennox Invitational, first in the Howard Invitational, and fourth in the Region Tournament.

Ann Nelson led the team in the amount of serving points at 154. In spiking, Cheryl Merritt led the squad with well over 300 spikes, of which 76 were kills. Tricia DeVries had the most sets with almost 1000. Leading the squad in blocks was Jerrice Nelson with 46 and 16 of those were aces. The most valuable player offensively was Tricia DeVries; defensively, a tie between Dawn Keeley and Ann Nelson; and most improved to Annette Larson.

The team co-captains for the season were Ann Nelson and Lisa Ketcham. The team was assisted by their student-managers Diane Johns, Julie Lindstrom, and Wendy Mielke. The fearless leaders of the group were Coach Jill Christensen and Assistant Coach Ron Nelson.

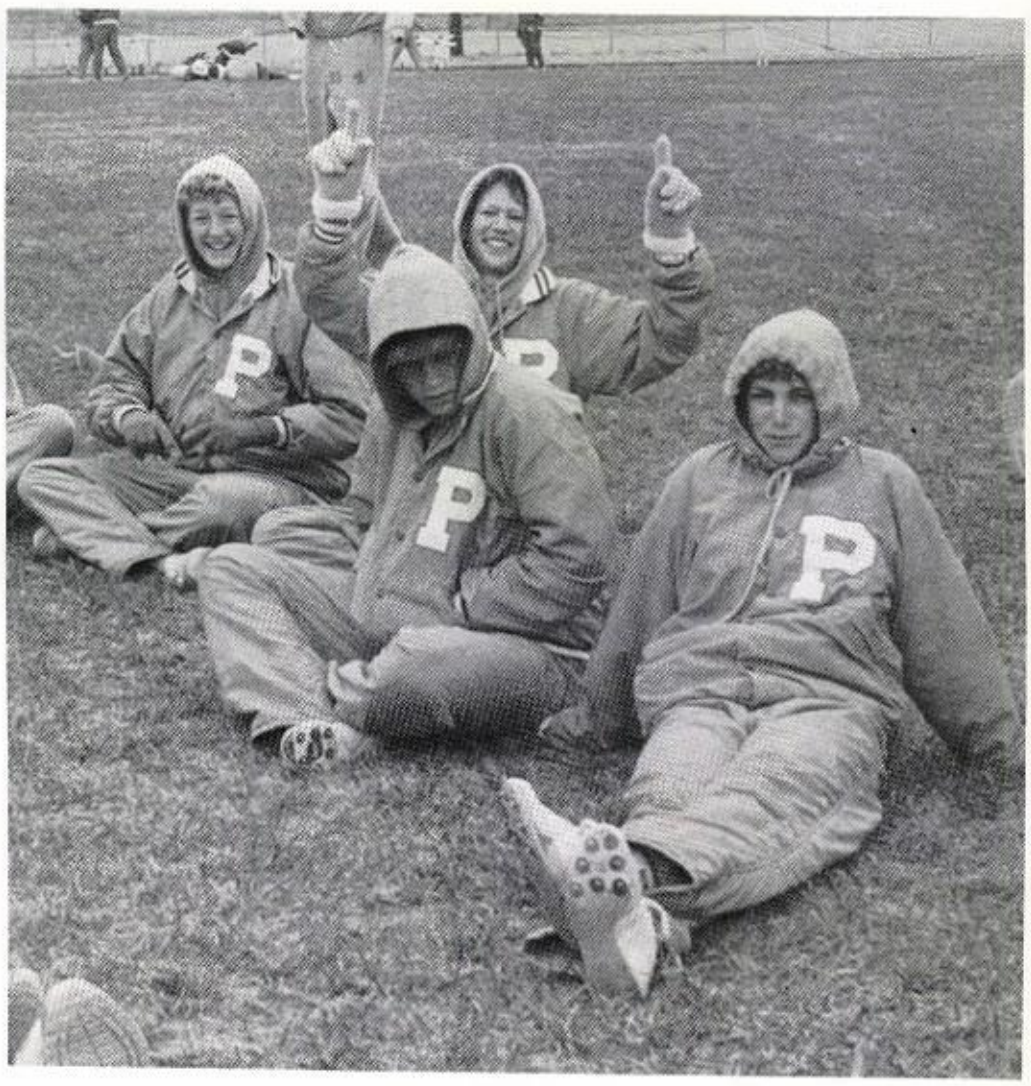
Driving Towards the Finish

One year after only one girl was sent to the state track meet, the girls had improved to send six girls and set two new records. The girls were given Coach Bjorneberg to direct them, and that he did. PHS girls even improved to the point of a conference record in the medley relay at the conference meet. The girls that were at the state track meet failed to qualify for any finals, but yet set a new school 800 meter relay record.

A major improvement occurred this season in girls track. It cannot be attributed to just one thing, but many things and people that helped. A split from the boys team and their own coach was a major affect and even more importantly the fact that the girls decided to work and were dedicated to doing their best. A successful season is an understatement of the girls' great season.



Tracksters Paula Viet, Monica Nelson, Scott Keeley, and Jenny Kasten enjoy the Parker Invitational.

BOYS TRACK

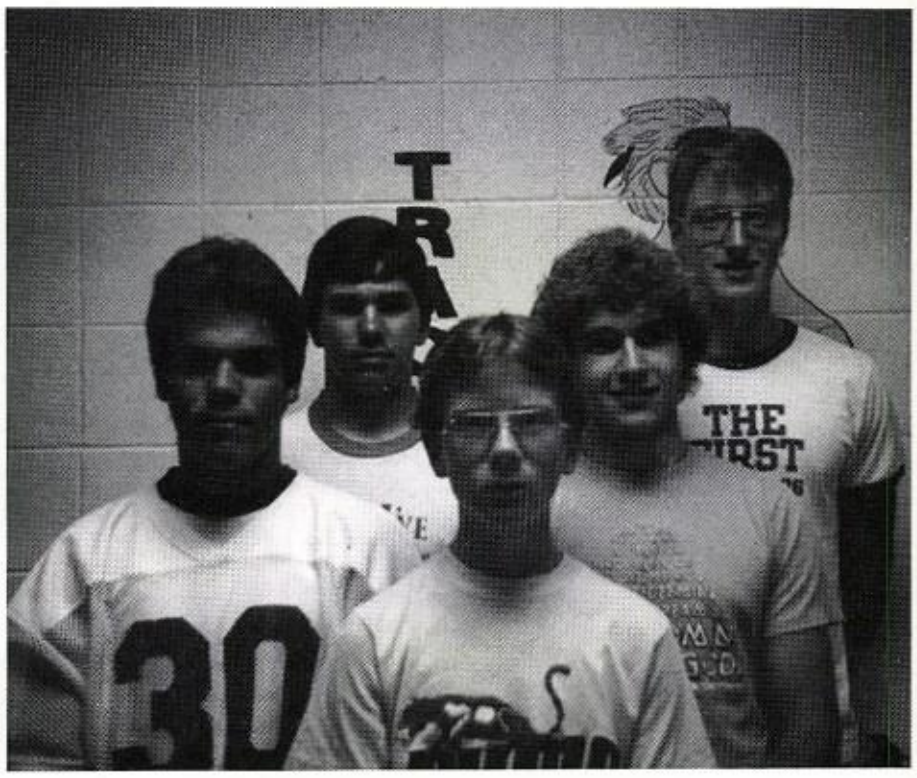
Row One: Cory Jensen, Scott Keeley, David Richter, David Petersen, Andy Andersen, Mark Brown, Troy Schmit, Darren Boomgarden; **Row Two:** Coach Deutsch, Derek Muller, Jeremy Meyer, Brian Janzen, Mark Christensen, Mike Jefferies, Jeff Trainer, Darwin Boomgarden, Todd Leininger, Chris Novak, Ken Pietz and Tricia DeVries—Student Managers.

Track Team Excels

Last year ended up with a bunch of guys attending the state track meet in all five relays, but not passing prelims (except the two-mile relay) where there are no prelims. This season returned two of those members, Mike Jefferis and Todd Leininger, and with them came a hunger to not only return to the state track meet but to get to the finals. These two led the team as their hunger wore off onto some of the other guys and this team became a bulldozer, destroying their competition.

The team did not end up as successful by the means of sending more events to state but overall it was a much more exciting team, sending five guys in four events to the state track meet. The team got going and set two school records to even make the year more of a success. The icing on the cake came when the 800 meter relay, Mike in the 400 meter dash, and Todd in the 100 meter dash qualified for the finals in Sioux Falls. It only got better as the relay placed fourth and Todd tied for fifth.

Under the direction of their third coach in as many years, the team worked hard for Coach Deutsch in a year that was a dream come true for a team that had a goal to accomplish.



Participating in the state track meet were: **Row One:** Troy Schmit; **Row Two:** David Petersen, Todd Leininger; **Row Three:** Derek Muller, Mike Jefferis.

*****

The 800 meter relay placed fourth at the state track meet. Members of that relay were: Todd Leininger, Derek Muller, David Petersen, and Mike Jefferis.

JUNIOR HIGH

One Mile Closer

Eighth graders, who finally changed from seventh grade and about to be freshmen, are still caught in the middle of the road.

They were busy with many eccentric and enjoyable classes. Outside of their classes they were privileged to participate in many extra-curricular activities.

Their most disliked moment of eighth grade was being egged by the high school after the Halloween Dance.

With this in-between year over, they are ready to accept the responsibilities of being a Greenie Weenie.

All dressed up for Homecoming Week.

Cruising Through a New Beginning

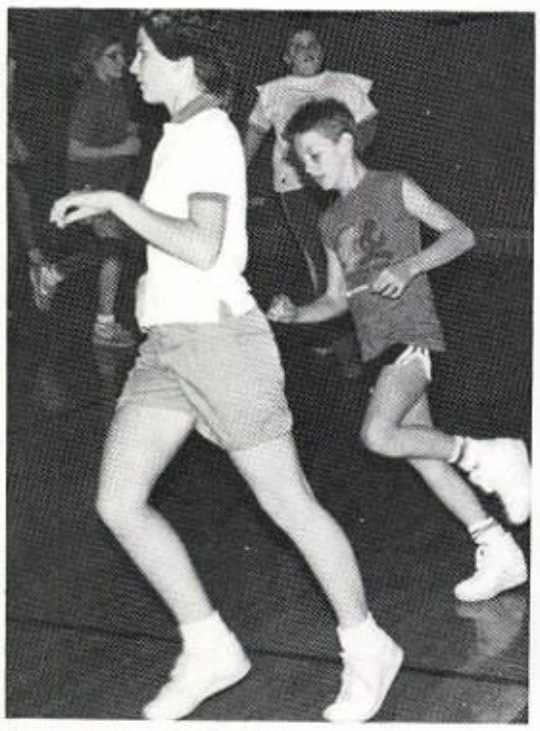
In Junior High there have been many new changes. One big change was allowing a new class to join, which was no doubt the lucky seventh graders.

Many new experiences were ahead for this group, such as putting on their first dance, being chosen as a class officer, or being on the honor roll. And of course, classes were all new and different.

When asked of what they thought of being the new group in the Junior High, their response was: "It's fun, boring, and okay, but you have to be ready to take a considerable amount of bossing around from the upperclassmen."

The song "Livin' on a Prayer", the group—"Bon Jovi", pizza, coke, actors—Tom Cruise and Sylvestor Stallone, and actresses—Justine Bateman, and Heather Locklear were some favorites of the seventh grade.

All in all, the seventh graders really thought that being in Junior High was something special.



Only five laps to go!

What are you guys hiding back there?

Mr. Shelp

I'd was fun going to school with you. Have fun in the future and good luck in whatever you do. "88 Bucks of Ohio Century"

Fred

Michelle,
Can you believe it
we're finally seniors?
Hope you can make it
go by so fast with
stay the same. Don't
change. And remember
to keep your cat
away from Deb, he
might scratch it.

Best
of
Tim
